Cerebral Palsy,
Challenging Behaviour,
Learning Difficulties.

Profile

Carly is highly trained and experienced as a care and rehabilitation support worker and Manager. She strives to give individuals the empowerment and guiding hand to enable them to unlock their potential and build their confidence.

Carly has experience of supporting clients with life changing injuries including brain and complex trauma. She has a sound understanding of the physical, social and emotional impact on the rehabilitation and recovery journey for the client and their family. She is a skilled leader with an in-depth experience of managing care teams and contributing to the wider multidisciplinary team process.

Carly is hard working and loves to continually learn and gain new skills to increase her knowledge. Being a mother to three children she prides herself on being very organised, patient and a good communicator and listener!

As part of her studies for her BSc Occupational Therapy degree, Carly has greatly increased her clinical knowledge and gained new skills, both through her coursework and whilst on placement. This has also added to her professional development and skillset for her role as an assistant case manager.

Testimonial

"She has been consistently professional in my work with her. She always follows up and delivers. She thinks creatively and rationally to find best solutions. I like her approach with my client; she communicates really clearly, but with respect and is realistic about his strengths and limitations. She manages her staff well and is not avoidant of dealing with tricky situations. She is aware of and can work to a budget and time restraints."
