## Profile

Rebecca has always been driven to helping those that need it most. She has experience within the care environment as both a domiciliary carer and as a personal assistant. Rebecca has experience working with clients with brain injury, dementia, learning difficulties, and mental health.

She possesses excellent communication skills and meticulous planning and organisation skills, alongside being reliable, sensitive, and trustworthy. In previous roles during her career, Rebecca has developed confidence and experience in liaising with medical professionals, managing a team, and working under pressure to tight deadlines, maintaining unfaltering patience and professionalism in any situation. Rebecca strives for self-improvement and is always keen to undertake training in order to achieve that.

## Testimonial

"I have been working with Becci for two years and would be lost without her support! Becci is proactive and efficient, consistently producing high-quality paperwork, including visit notes, action plans, care plans, and risk assessments. Becci's warm and approachable nature causes her to be well-liked by my clients and their families. As a carer by background, Becci is very intuitive around clients' needs and associated risks, regularly suggesting creative and thoughtful ways to address complex issues. I would not hesitate to recommend her to other case managers."
