Consciousness,  
Pain Management.

## Profile

Daniel is a neuro and complex-care specialist recognised for his decisive leadership, clinical depth and ability to bring clarity and direction to high-stake rehabilitation cases.

Daniel is a highly experienced Chartered Physiotherapist, bringing 15 years of advanced neurological, catastrophic trauma and complex rehabilitation expertise (including brain, spinal cord injury and complex orthopaedic / polytrauma) to the case management sector. His background spans acute neurology, community rehabilitation, complex discharge coordination and multi-agency risk management, giving him the sophisticated clinical insight and strategic thinking.

Daniel's approach is defined by clarity, structure and accountability. He is skilled at rapidly understanding clinical and psychosocial complexity, stabilising chaotic situations, and designing evidence-based rehabilitation plans. He excels at building cohesive MDTs, navigating statutory services, managing family dynamics and ensuring progress is purposeful, measurable and clinically justified.

Daniel has excellent communication skills with a variety of parties, due to his calm authority, and his ability to deliver consistent progress even in cases involving behavioural challenges, cognitive impairment or significant risk issues. He brings a premium, high-reliability standard to every client, ensuring safe, coordinated and impactful rehabilitation.

## Testimonials

"We always felt confident with Dan. He was calm, professional and completely dedicated to helping our loved one progress."

*Family Member of client*

"Daniel has been a previous colleague of mine. I enjoyed working with him very much. He is caring and knowledgeable. He has experience as a highly specialist neurological physiotherapist in acute hospital, rehabilitation inpatient unit and community settings. He has the knowledge and skills to guide people through their rehabilitation journey. His ability to connect with people and network makes his ability to facilitate rehab, guide MDTs to set meaningful and functional goals. His compassionate nature means he is able to support people going through difficult uncertain times". *Director & Advanced Practice Physiotherapist*

"Dan's professionalism, clinical expertise, and calm, person-centred approach consistently stand out. He communicates clearly, works effectively within MDTs, and delivers thorough, evidence-based reports. A reliable and dedicated clinician, Dan makes a meaningful difference to every client he supports." *Specialist Neurological Rehabilitation Occupational Therapist*
